

GLOBALFOUNDRIES®

**Harness the power of light for
computing and wired infrastructure.**

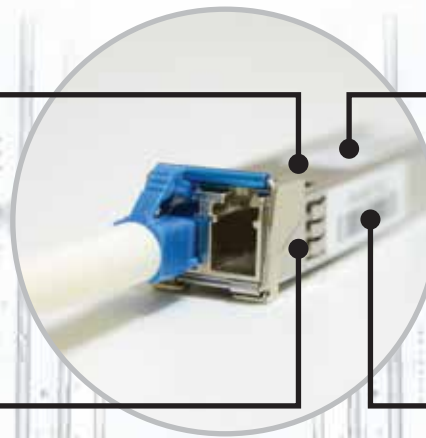

GLOBALFOUNDRIES®

Differentiated GLOBALFOUNDRIES silicon photonics and silicon germanium solutions for optical communications.

Driver
SiGe 8XP, 9HP
45CLO monolithic

Transimpedance amplifier
SiGe 8XP, 9HP
45CLO monolithic

Photonics IC
(modulator & photodetector)
90WG, 45CLO

Laser
Laser integration
into PIC

Energy-efficient
SiPh-based TxRx
performance of <2 pJ/bit

Industry's broadest
SiGe portfolio & highest
SiGe NPN F_t performance

First & only Foundry with
integrated SiPh / RF solution, with
most data per fiber demonstrated
(0.5 Tb/s per fiber)
